

Catch-Up Growth in K-3 Reading Quintiles 1-3, NWEA MAP Test, 2010-2013

Using instruction that creates "catch-up growth," the Elgin Foundation increased the percentage of 3rd graders \geq proficient from 43% to 64%. The reduction in dropouts and unprepared graduates will save taxpayers \approx \$4.96M/yr. <http://www.education-consumers.org/Calc/>
